

EMPACT JOINT COMMUNICATION STRATEGY

The European Multidisciplinary Platform Against Criminal Threats (EMPACT) Joint Communication Strategy (strategy) aims to set out the main elements for a joint communication approach to raise awareness of EU efforts to fight organised and serious international crime and to strengthen the visibility of EMPACT as the flagship instrument to achieve this. It follows the recommendations from the independent evaluation of EMPACT (11993/20), builds upon the Communication Blueprint (12302/20) and the EMPACT Terms of Reference (9921/21), and is the basis for communication activities for all stakeholders.

The joint approach will foster better coordination, sharing and timing of key communication activities as well as the exchange of communication materials and best practices. It will also help reach broader audiences, while ensuring a more impactful targeting of communication activities, including at national level, thanks to the participation of all stakeholders throughout the cycle. Finally, by identifying common objectives and simple and objectively verifiable indicators¹, the approach will establish a framework for better evaluating such communication efforts.

Detailed information on the responsibilities of stakeholders is available in Annex 1.

1. Indicators will be defined by the communicator's network and following agreement will be introduced into the strategy as an Annex.

GENERAL OBJECTIVES

1. Improve communication on and raise awareness of EMPACT activities², its contribution to fighting crime and its results
2. Strengthen the identity of EMPACT as the EU flagship instrument against serious and organised crime threats to EU security
3. Support active involvement of stakeholders in EMPACT activities

2. EMPACT activities include all activities that are directly associated with EMPACT Operational Action Plans, that derive from/fall within EMPACT Operational action plans and that are funded by EMPACT grants.

SPECIFIC OBJECTIVES

1. Improve communication on and raise awareness of EMPACT activities, its contribution to fighting crime and its results

- Scale up digital communication presence and engagement
- Increase media awareness and coverage
- Reinforce outreach activities for specialised communities as well as broader audiences

2. Strengthen the identity of EMPACT as the EU flagship instrument against serious and organised crime threats to EU security

- Ensure general EMPACT information is available on the websites, or other outlets, of all stakeholders
- Ensure consistency in the use of the existing branding (logo and graphic elements from the EMPACT branding guide (Annex V)), coordinated social media activities including the use of the #EMPACT hashtag and messaging (Annex IV)

- Strengthen coordination on messaging and timing for specific communication activities, including operational results, Joint Action Days (JADs), annual results
- Communicate on non-operational aspects of EMPACT, including preventative measures, training and how these aspects also contribute to the fight against organised and serious international crime.

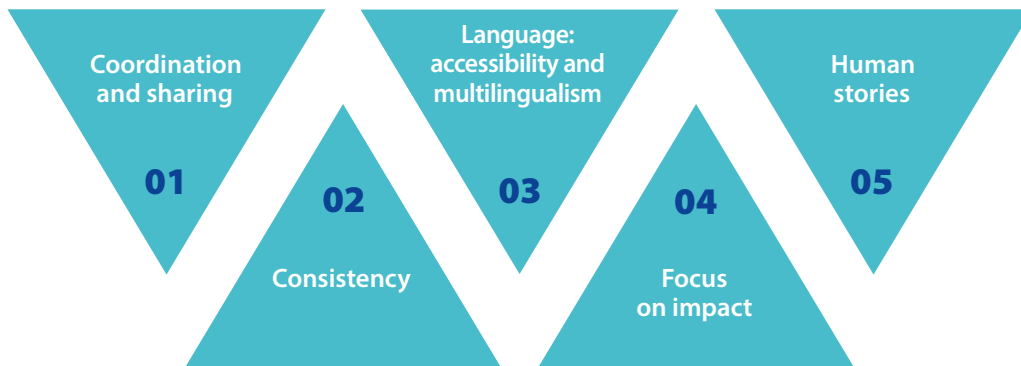

3. Support active involvement of stakeholders in EMPACT activities

- Encourage participation of law enforcement and judicial authorities in EMPACT activities, including the exchange of good practices, operational actions, training, networking and capacity-building activities.
- Raise general awareness of financial opportunities
- Encourage cooperation with the private sector, academia and non-EU countries

OVERALL APPROACH

The approach can be summarised in five pillars: coordination, consistency, language, focus on impact and human stories³.

3. In accordance with national rules and practices regarding ongoing cases.

1. Coordination and sharing

Communication contact points will be appointed for each EU Member State, agency and institution. This will form the EMPACT Communicators' Network and, within this network, they will be responsible for:

- coordinating communication activities with other stakeholders
- establishing a shared annual communication plan/calendar
- sharing materials and best practices, as well as upcoming communication opportunities
- implementing the strategy in their country/organisation
- monitoring and reporting to the Communicators' Network on implementation in their country/organisation

2. Consistency

EMPACT communication will use a common set of messages, and include references and links to information about the role of all stakeholders involved. All stakeholders will always use a single brand name ('EMPACT') and logo, including for the JADs, as well as the hashtag #EMPACT, where appropriate. These elements have to be used consistently in all relevant materials to promote and illustrate the impact of EMPACT.

3. Language: accessibility and multilingualism

EMPACT communication should use accessible language, avoiding jargon and abbreviations, and, wherever possible, be multilingual. When content is produced in one language, the producer of the material should be able to make the files available to others for translation, on the product sharing hub for the Network on the Europol Platform for Experts (EPE).

4. Focus on impact

In general, communication activities should highlight the contribution of EMPACT activities in the fight against organised and serious international crime. The focus should be on the impact, both quantitative and qualitative, of such activities, not on procedures and administrative milestones.

5. Human stories

Communication activities should use, when possible, real testimonials and stories to show the human side of EMPACT activities delivered by operational actors and agencies. Beyond the numbers and the results, communication should show the tangible benefits that EMPACT delivers both for the security community at large (e.g. access to resources and international networks) and for citizens in terms of a secure EU, including victims and people who have been prevented from engaging in criminal activities including recidivism.

COMMUNICATION ACTIVITIES

Based on this joint approach, communication activities will be developed by each stakeholder for its specific audiences, and jointly for key EMPACT communication opportunities.

Each stakeholder at EU and national level, will devise their own communication planning with reference to this strategy, taking into account their level of activities in EMPACT and main audiences.

A list of possible communication activities is detailed below and further segmented by stakeholder in Annex I.

1. Coordination

- Communicators' network composed of the contact points from EU Member States, agencies and institutions
- Product-sharing hub
- Establish a shared annual communication plan/calendar (see Annex III)
- Nomination of a chair of the Communicators' Network

2. Digital

Websites

- EMPACT information on the websites of all stakeholders, with common messaging⁴
- Internal communication websites/newsletters

Social media

- Use of relevant hashtags for social media including #EMPACT and hashtags for individual priorities (see relevant English hashtags in Annex II for reference)
- Production of social media content/campaigns on specific milestones/events (including annual results, joint action days, operational results, international days)
- Twitter moment⁵
- Production of social media content / campaigns on crime prevention

3. Press

- Common background paragraph (boilerplate) to be added at the end of all press releases on EMPACT, including a link to the EMPACT website of the relevant stakeholder(s)

4. As above.

5. Twitter moment curated by European Commission's DG Home:
<https://twitter.com/i/events/1410165020294529025>

- Press releases and/or press conferences following operational results, coordinated between key stakeholders
- Field trips for journalists
- Interviews by key stakeholders and experts

4. Audiovisual

- Production of audiovisual content for targeted audiences/events
- Production of raw audiovisual material of EMPACT activities which can be used by media

5. Outreach and events

- Specialised fairs, forums and conferences
- Europe Day events
- National (law enforcement) open days
- Publications and factsheets aimed at specialised audiences
- Promotional printed items ('goodies') with the EMPACT logo (from mugs to notebooks)
- Events organised by JHA agencies, for example European Border and Coast Guard Agency days
- Extend use of branding to all areas of EMPACT activity, including intelligence, prevention and training

EMPACT STAKEHOLDERS

- EU Member States acting as drivers and co-drivers, as well as those participating in specific activities and operations
- General Secretariat of the Council
- European Commission
- JHA agencies
- Other EU agencies
- European External Action Service (EEAS)
- EU Member States not directly involved in a specific action or priority
- European Anti-Fraud Office (OLAF)
- Non-EU countries
- International organisations
- Academia, private sector

TARGET AUDIENCES

- Law enforcement, judicial and other relevant authorities
- Policy makers and senior ministerial officials
- EU institutions, agencies and other bodies
- Justice and Home Affairs Agencies Network (JHAAN)
- Networks of practitioners
- National and international media
- Academia
- Young professionals and students (e.g. police academies, forensics schools, etc.)
- Private sector
- NGOs
- General public

Annex 1 proposes a more detailed breakdown of objectives, actions, stakeholders and audiences.

EVALUATION

The strategy will be evaluated:

- annually within the Communicators' Network, and brought via the NEC meeting to the COSI Support Group;
- at the end of each EMPACT cycle within the framework of the EMPACT independent evaluation.

The common indicators were agreed upon by the Communicators' Network and can be seen in annex VI.

The representatives of the General Secretariat of the Council (GSC) will gather this information annually from each stakeholder and consolidate it in a joint report to be presented to the NEC meeting every April. Each stakeholder is free to establish other indicators in line with the reporting requirements of their own organisation.

IV – KEY MESSAGES AND BOILERPLATE

Key messages⁷

- EMPACT tackles the biggest / major threats posed by organised and serious international crime to the EU in a coordinated manner.
- EMPACT brings together stakeholders from different fields to address organised and serious international crime together through intelligence, strategic and operational cooperation.
- EMPACT strengthens cooperation between police, border and coast guards, customs, judicial, administrative and tax authorities, as well as with EU institutions, bodies, agencies and relevant EU networks. It also involves non-EU countries, international organisations, as well as the private sector, when relevant.

Boilerplate

The European Multidisciplinary Platform Against Criminal Threats (EMPACT) tackles the most important threats posed by organised and serious international crime affecting the EU. EMPACT strengthens intelligence, strategic and operational cooperation between national authorities, EU institutions and bodies, and international partners. EMPACT runs in four-year cycles focusing on common EU crime priorities. [###relevant priority###](#) is one of the priorities for the 2022-2025 cycle.

7. Based on the key messages from the Communication Blueprint (12302/20)

V – EMPACT BRANDING GUIDE (EUROPOL - JUNE 2018)

EMPACT LOGO

The EMPACT signature uses blue and yellow colours and has the EU flag embedded. The logo and the wordmark “EMPACT” should always be used together. The signature can be used with or without a tagline under it.

The word “EMPACT” uses Source Sans Pro Bold font and the tagline uses Calibri Regular.

 CMYK: 0 16 100 0
RGB: 255 210 0
HEX: FFD200

 CMYK: 100 79 4 0
RGB: 4 79 157
HEX: 044F9D

CLEAR SPACE

To preserve the integrity of the EMPACT logo, always maintain a minimum clear space around the logo. This clear space isolates the logo from competing graphic elements such as other logos, copy, photography or background patterns that may divert attention.

The minimum clear space for the EMPACT logo is defined as the height of the “E” in the wordmark as seen in the image.

This minimum space should be maintained as the logo is proportionally enlarged or reduced in size.

SIGNATURE AND LOGO MISUSE

Incorrect use of the EMPACT signature and logo compromises its integrity and effectiveness. The examples of signature misuse below are not comprehensive; they are only a small sample of possible misuses of the signature.

To ensure accurate, consistent reproduction of the signature, never alter, add to, or attempt to recreate it. Always use the approved digital artwork. The following are some examples of unacceptable ways of reproducing the EMPACT signature:

Please avoid, at all costs, resizing the signature without maintaining the proportions in MS Word, Paint, or any other image editing software. The proportions of the signatures must be kept intact at all times.

Do not rearrange the elements of the signature.

Never distort the signature (in width or height).

Do not alter the signature in any way, including changing the typeface.

Do not reproduce the signature on a background that does NOT provide sufficient contrast.

Do not outline the signature.

Do not change the color of the signature.

Do not combine the signature with any other marks, graphic elements or words, except as specified.

Never scale or distort the logo.

Do not add gradients or effects, including a drop shadow, bevel or glow.

TAGLINES

If deemed necessary, the EMPACT signature can be used with the following two approved taglines:

- Joint Action Days
- Fighting crime together

In this case the tagline is part of the signature. No other tagline is allowed under the signature.

VI – ANNUAL EVALUATION INDICATORS
